Luigi Bosca

De Sangre
Cabernet
Sauvignon

— 2021 —

The 2021 Cabernet Sauvignon De Sangre is a 100% Cabernet Sauvignon from a great vintage, blessed with a long growing season. Soft, layered, supple tannins are met by good tension and acidity beneath a flow of redcurrant and cassis. On the savory side, there's graphite, a touch of pepper and clove accenting its moderate length and integrated oak. Elegant, it has the structure to age another decade or so.
